ACADEMIC PROJECTS

- **Payroll Management System**

Using the C++ programming language, I created a project on Payroll Management System, where we can manage and calculate employee wages, deductions, taxes, insurance, and other financial obligations.

- **Hotel Management System**

I developed a project on a hotel management system using the C++ programming language. It allows us to check in, manage rooms, check out, and obtain guest summaries.

POSITION OF RESPONSIBILITY

- I worked as a tuition teacher and taught more than 100 students.

INTERESTS AND HOBBIES

Technical Interest: Coding & Development.

Non-tech interest: Painting & Reading

Declaration: The above information is correct to the best of my knowledge.
